Attached is the counterintelligence report for 1970 due on 1 January each year. In addition, the following are attached: note for the DCI from Mr. Coffey and letters for DCI signature to Dr. Kissinger and Admiral Anderson. This CIA portion of the report has been well scrubbed by

[REDACTED] of SOS/DD/S and rewritten several times by [REDACTED] of Planning Division, OS. Finally, as can be seen by the routing slip, the report has been noted by [REDACTED] of the NIPE Staff. He states that he will make a call to [REDACTED] the Secretary of PFIAB, to inform him that the report is on its way and to ask him for his support in our request to omit the report in the future. Since the NIPE Staff handles the PFIAB account for the DCI, copies of the report as well as the letters will be furnished [REDACTED]

No CS Coordination

needed CI portion of  
Organization?

Don't want to delay paper  
further but quick check with  
US probably will satisfy

CI staff wrote the original  
CI portion and gave Carte Blanche  
to edit and re-write as necessary.
